Fire Brigade

By RICHARD BARTLETT

ALEPPO Fire Brigade members Noble Gary Bartlett and Noble Earl Bethune visited the Marblehead Community Charter Public School recently to accept over a half million can tabs. Administrative Assistant Eileen Perry is shown showing off a handful of the tabs.

Mr. Bill Sullivan, 5th grade math and science teacher at the MCCPS, had his students collect the tabs through out the school year. The students used their math skills during this yearlong project. During this time, the students tried to predict how many tabs they would collect, how much the total tabs would weigh and the value of the tabs.

Another project had the students fill a fish bowl with the tabs. The students had to figure out what the total volume of the fish tank was, then calculate the number of tabs it took to fill the fish tank (approximately 171,000 tabs) and how much the tabs weighed.

The MCCPS is under the direction of Academic Director Nina Cullen-Hamzeh and Managing Director Dr. Albert Argenziano.

The Aleppo Shrine and Aleppo Fire Brigade would like to thank the administration, faculty and students of the Marblehead Community Charter Public School for their efforts and enthusiasm for this very worthwhile project.
